University Alumni Association Meet-ING .- A special meeting of the University Alumni Association of Alexandria, was held at the office of S. C. Neale, esq., last night. At the appointed hour the President of the Association, W. G. Cazenove, esq., took the chair, and Mr. K. Kemper acted as secretary. After reading of the minutes of the last meeting the President in brief, but appropriate terms, stated the object of the special meeting to be to take some action in regard to the death of the late Prof. Maupin, when on motion of Rev. R. H. McKim, a committee of three, consisting of L. M. Blackford, R. H. McKim, and K. Kemper were appointed to draft resolutions suitable to the occasion. The committee retired for conference, and on their return presented the following preamble and resolution's which were

unanimously adopted: Whereas, the Almighty has been pleased to remove from the scene of his earthly labors the late Professor Socrates Maupin, of the University of Virginia, and in His inscrutable providence suddenly to deprive our beloved Alma Mater of one of her most dutiful sons and instructors and chief stays, the University Alumni Association of Alexandria deem it appropriate to express their sense of his loss in the following

resolutions: 1. Resolved, That in the death of Doctor Mau-pin the University has lost one who, after having won as a student her highest honors, academic and professional, had for nearly twenty years as a member of her Faculty been among her most active and efficient supporters.

2. That in him the State loses a citizen of eminent usefulness, the Faculty to which he belonged an invaluable member, and his family a head deservedly honored and beloved.

3. That while deploring his loss and appreciating all his virtues, we would especially emulate the self-sacrificing devotion and valuable services rendered by our departed friend to the great institution with which he was so long con-

4. That we would respectfully tender to his widow and children our heartfelt sympathy in their bereavement. 5. That a copy of these resolutions be published in the Alexandria Gazette and the Charlottes-

ville Chronicle, and that a copy be sent to the family of the deceased. In addition to the resolutions as adopted, on motion of K. Kemper, they were ordered to be

made matter of record. Mr. Linden Kent was unanimously elected a member of the Association.

There being no further business, the meeting adjourned.

THE UNDERWOOD -MCVEIGH CASE. -The case of MeVeigh against the United States, known as the "Underwood case," of which the public have heard so much, involving Me-Veigh's restoration of his houses in Alexandria, came up before Judge Bond yesterday morning, when Mr. Wells moved, on behalf of defendants, for continuance until next term, producing an affidavit of Mr. Duncan, and sworn to before Judge Underwood, that he, Duncan, "was interested in the event of the suit, and he desired to secure the attendance of the Attorney-General of the United States to aid in the defence." It does not appear that either of those gentlemen are counsel for de-

fendants, but the said Dunean "desires one of them to aid the District Attorney." The Supreme Covet of the United States decided the question involving McVeigh's right to his property nearly a year ago. At the last term of Judge Bond's Court here it was continued stock, receipts of grain on Change to-day were on some legal technicality, and now, by affidavit of this Mr. Duncan, made before Judge Underwood, it is sought to postpone again and keep the gentleman out of his property. The Mr. Duncan mentioned was formerly deputy marshal in Underwood's Court. Judge Bond continued the motion vnt' next Tuesday.

THE LIBRARY. - In response to an invitation, a meeting of ladies, feeling an interest in the Alexandria Library, and willing to assist in promoting its usefulness, by increasing its financial ability, was held at the Library room, yesterday evening. Owing to the inclemency of the weather, the attendance was limited, but those present seemed to be actuated by a determined spirit and the preliminary steps for the holding of a festival that will redound to their credit, and to the advantage of the Library, were taken. The Directors return their grateful acknowledgments to those who, despite the weather, showed so much interest in the 'Library, and hope that at the subsequent meetings they may be still farther encouraged by an additional attendance of ladies. The next meeting is to be held, according to adjournment, on Saturday evening, at 4 o'clock, at the Library

THE GREAT SOUTHERN PIANO MANUFAC-TORY .- We refer with special pleasure to the advertisement of the Great Southern Piano Manufactory of Messrs. W. Knabe & Co. of

Baltimore. This factory is now one of the largest in the world; it is a magnificent five story structure, fronting an entire block on Eutaw st., and covering, together with the Lumber Yards at tached, some two and one-half acres of ground. Three hundred and fifty men are constantly employed turning out over forty instruments per week.

Among the thousand and one Pianos offered to the public, we scarcely know any instrument so fully uniting all the desirable qualities sought for as the Knabe Piano. It is a matter of some difficulty and perplexity to inexperienced persons to select a good instrument of any capacity. We too often rely upon the judgment of friends in the selection of a piano, and are thus frequently disappointed. The only sure way, in our opinion is to go to the best maker. For this reason, we recommend to our readers to purchase Pianos of Wm. Knabe & Co's manufactures. This will relieve them the vaxatious necessity of wasting time in a long search. The reputation of the Knabe Pianos is an infallible guaranty of excellence. For durability we would especially recommend them, as being made in a Southern City, with special view to the trying changes of Southern climate.

GREEN'S NOTION HOUSE.-Green's notion house may well be considered one of the many incentives to country people to visit this city, and an inducement to keep town people from going away to make their purchases, for the stock there is unquestionably as large and as varried as can be found in stores of the same character in the north, and that articles can is stated that seventeen deaths have occurred be purchased here by wholesale or retail as from this disease in the past two days. cheap if not cheaper than elsewhere is just as

The Means of Escape. - The fall has many perils for the weak and feeble, and its sudden atperils for the weak and feeble, and its sudden atmospheric changes are trying to the constitutions of even the robust. The chilling temperature of the nights, as compared with the almost summer warnth of the days, necessarily exercises an unhealthy influence on all who are exposed to it.—

Hence dysentery, diarrhea, intermittent fevers, bilious attacks, and derangements of all the secretions are company at this season. The true way tions, are common at this season. The true way to escape them is to meet the causes with a protective and invigorating medicine. Hostetter's Stomach Bitters are desgined for this exigency. This powerful vegetable specific relieves the system of all acrid humors, purifies the fluids, tones the secretive organs, promotes healthy evaporation through the pores, increases the activity of the directive functions, cheers the spirits and regulates tue bowels. To do this is to make the whole body vigorous, and render it proof against the vicissitudes of temperature, and against malaria. A course of the great tonic and alterative is therefore in all cases advisable as a preventive at this season. If, on the other hand, the mischief is already done, and intermittent or remittent fever is actually present, or the liver, bowels, or stomach disordered, there is no medicine so certain to effect a quick and thorough cure as this harmless and agreeable preparation.

El Vino Catalina .- The announcement that has been so generally heralded throughout the country that an American company has again commenced importing this celebrated Wine Tonic is a matter of no small importance, and will be hailed with joy by all those seeking a pure and invigorating tonic; also, those who need a pure, pleasant and refreshing stimulant will find in the El Vino Catalina, or Brown's Catalina Wine Tonic, what they want. It will be remembered that importations were made in 1866 of this noted brand, but in consequence of the high duty then demanded by this government, the enterprise ceased, to the regret of thousands who had learned its value. It is the oldest tonic in the world, and doubtless the most invigorating, the purest and best, and if importation continues at the rates now started, it will take its place in every family in this as well as in the old countries. Its merits will make it a household article, and we hope that every one who has ever used any Bitters or common patent and then decide for themselves whether they will use this Tonic, prepared from the pure juice of the Catalina grape, with Calisaya and the spices of Ceylon, or a bitters made of com-mon whiskey and bitter field herbs. This is an invaluable preparation for weakness and debility; it relieves morning languor and gives freshiess and appetite, not followed by an unpleasant

reaction.
It cures Dyspepsia, Indigestion, Costiveness, It cures Dyspepsia, Indigestion, Costiveness, Bilious Derangements, Cramp Colie, Flatulence, Diarrhea, Dysentery, Nausca, Vomiting, Morning Sickness, Chills and Fevers, Headache, Nervous Irritability, Anamia, Heart Disease, Diseases of the Kidneys and Bladder, Diseases of the Skin, and all Eruptions, either caused by other diseases or impurity of the blood. As a Tonic in Consumption, it has no superior, of which thousands believe themselves to have been cured by its use. We do not claim that it will cure Consumption, but we are sure that it will cure Consumption, but we are sure that it will prevent it if taken freely in time. AVERY & DAVIDSON, Grocers and Liquor
